It sounds a bit confusing. Let me parse it.

Wait maybe the problem is saying that ...

Alternatively, maybe there is ...

Another interpretation is ...

Let me check again ...

Hint 1: An unusual condition is given.

Do not overinterpret.

(a) Interpretation Overload

Maybe the user mistyped?

Maybe this is a typo or ...

Maybe the problem is in Chinese ...

This might be a translation error.

There might be an misunderstanding.

This is a misinterpretation.

Hint 2: This is not a typo.

o) Input Distrust

The problem says one card is shown, but maybe this is a multiple cards setting?

Z is stated to be positive integer but it must be complex number to ...

Rabbit is permanently infertile, but it could be temporarily infertile ...

Hint 3: Strictly follow the user instructions

(c) Partial Instruction Attention
